

## **CALL FOR EXPRESSION OF INTEREST FROM PROSPECTIVE VENDORS FOR THE ENGAGEMENT OF A PRIVATE SECURITY COMPANY**

CLEEN Foundation (formerly known as Centre for Law Enforcement Education in Nigeria) is a non- governmental and non-profit organization established in January 1998 with the mission of promoting public safety, security, and accessible justice through the strategies of empirical research, legislative advocacy, demonstration programmes and publications, in partnership with government, civil society, and the private sector.

The last two decades in Nigeria has recorded a level of insecurity more than any other time in the history of the country. What we have seen in this regard is the “regionalization of security threats in Nigeria. The south-south associated with militancy, manifested in kidnapping and destruction of oil installations, the North-West and North-Central regions with herder-farmers clashes, armed banditry and kidnapping for ransom and lately, the separations' agitations from the south-east and in the south west. It is imperative to note that these regions are not precluded from other challenges identified earlier like kidnapping for ransom. These threats put together have increasingly become common features of our national life. The seeming challenges in the ability of the state to address these challenges squarely are seeing an increase in the reliance to private security actors.

It is against this backdrop that CLEEN Foundation is inviting prospective vendors/qualified private security firms to submit application for the provision and deployment of TWO TRAINED and FULLY KITTED private security guard at its headquarters located at No 26 Bamenda Street Off Abidjan Street, Wuse Zone 3, Abuja, Nigeria.
